### Major Notes

Students interested in a career working in a clinical laboratory can pursue the Biology Medical Laboratory Science degree. This 3 + 1 program offers W\XFWLRQDO FRXUVHV for the first 3 years, and a fourth year of clinical study in a school of medical technology approved by the National Accrediting Agency for Clinical Laboratories Sciences (NAACLS).

Alvernia has an affiliation agreement with Reading Hospital and Medical Center who assists the

take the certification examination for medical technologists and after successful completion, are eligible to sit for the certification examination. In addition to the requirements listed below, clinical experience in the hospital facility requires 32 credits. Courses include: Immunohematology, Chemistry, Clinical Microscopy, Coagulation, Hematology, Microbiology, Serology and Immunology. For students who do not obtain a position in the NAACLS accredited program, their fourth and final year at the University of Nevada would be spent completing the requirements for a Bachelor of Science in Biology.
